

POWERFUL PRESENTATIONS

Five part three hour workshop: 'Reinventing the Presentation'.
Sharing best practices and trying out new techniques to put the inspiration back into your communication! Get ready for the post powerpoint era!

- 1** **Conference**
In a brief 20 minute talk we will build awareness of the issues at stake and introduce new tools, focus points and techniques. We will discuss recent developments and research in business communication.
- 2** **Workshop**
In small groups for 45 minutes participants will work together to try out the new techniques and prepare their own presentation on a given topic of an amusing nature.
- 3** **Your time to shine**
For an hour, one member of each group will make a five minute presentation to showcase their team contribution. This activity is run in a spirit of collaboration and team building.
- 4** **Open Mike**
For 45 minutes we will pass the microphone around to share any feedback, comments best practices, or advice from the group (on a volunteer basis). The information we collect will be available online after the session.
- 5** **Wrap Up**
In a quick 10 minute wrap up we will close the session with a short presentation to resume the main points of our learning and sharing.

'Put the power back into your presentation and the point back into your communication!'
